Floor scraper FRE250

Working width 250 mm

The blade angle is adjustable to three different positions

Ergonomically designed handle bars with control unit incl. dead man's switch

Integrated weights are adjustable to three positions

The FRE250 is an innovative, compact and powerful floor scraper. Its extra strong design in combination with the relatively low weight enables the peeling and removal of carpets, vinyl floors and many other floor coverings. Thanks to the four detachable weights, the FRE250 can be adapted to the different floor conditions and easily brought to the job site. The unique self propulsion can be used either manually or in automatic mode. The blade angle is adjustable to three different positions.
