STRIPPER 250 WORLD SERIES TYROLIT FRE250

Stripper 250 World Series / Tyrolit FRE250 is a compact, powerful, and versatile floor stripper designed for professional use. The machine is built to quickly and effectively remove various types of floor coverings, including carpet, vinyl, adhesive residue, and more – even in tight or hard-to-reach areas

Its robust construction combined with a relatively low weight makes the Tyrolit FRE250 easy to transport and maneuver on different job sites. The compact design allows for efficient operation on both large and small projects.

The machine features an ergonomically designed handle with an integrated control unit and dead man's switch for added safety. The handle is also adjustable and vibration-dampened to ensure maximum operator comfort during extended use.

Stripper 250 World Series / Tyrolit FRE250 is equipped with four removable weights to adjust blade pressure according to floor conditions. These weights can easily be detached to simplify transport. An automatic drive mode can be activated to increase productivity during demanding stripping tasks.

Stripper 250 WS and Tyrolit FRE250 are technically identical floor strippers with the same performance and features. The only difference is the color. The machine is now exclusively delivered as the Tyrolit FRE250 in black.

COMPACT, POWERFUL, AND FLEXIBLE FLOOR STRIPPER

MOTOR POWER
1,1 kW

WORKING WIDTH
250 mm

WEIGHT
122 kg / 268 lbs

TECHNICAL DATA

Art.No.:	11003070	Motor power:	1,1 kW (0,37 kW drive unit)
Working width:	250 mm / 10"	Rotation Speed:	2800 rpm (2800 rpm drive unit)
Voltage:	230 V 1~	Weight:	122 kg / 268 lbs
Frequency:	50 Hz	Height:	1040 - 1110 mm / 41"-44"
Current:	6,3 Amp (2,5 Amp drivenhet)	Length:	780 mm / 31"
Total current consumption:	8,8 Amp	Width:	500 mm / 20"

Adjustable, vibration-dampened handle with ergonomic design and dead man's switch

Adjustable blade

Adjustable and removable weights
